### **Telehealth Session Expectations**

Thank you for your interest in Telehealth. We are pleased at the opportunity to provide your family with this service through Pediatric Partners.

Now that you have agreed to receive services through the Telehealth method with Pediatric Partners, you can expect that:

1. Your electronic session is private, confidential and free of distractions.
2. Your provider is prepared for your telehealth session and will notify you prior to, specifically regarding what you may need in preparation for the session.
3. Your provider will effectively communicate their plan for your session, expectations and what the focus will be.

As a caregiver you agree that:

1. The therapy session conducted in your home will be private, free of distractions, and free of disturbances, including pets, TVs, radios, etc.
2. That any items identified by your provider will be accessible and available during the therapy session.
